If you add material to or change the text the Board has approved for publication, you must submit these additions or changes to us before giving them to your publisher or anyone else. In such a case, please mark or otherwise clearly indicate the new material so we can expedite our review. Additional material that must be submitted includes, but is not limited to, photographs, photograph captions, illustrations, diagrams, tables, charts, indexes, glossaries, biographies, cover images, or maps.

You must submit the galley proofs (or other final-version formats) of the final manuscript as it will appear in book form so the Board can verify that the published version is the approved version. Your responsibility as the author is to ensure that the publisher publishes only the Board-approved version. Since this final review may take up to thirty days, please ensure that the publishing schedule permits adequate time for the Board to complete its work. The Board gives these reviews high priority because it knows that authors and publishers have firm deadlines.

The Board requires that you include the following disclaimer in your book:

All statements of fact, opinion, or analysis expressed are those of the author and do not reflect the official positions or views of any U.S. Government agency. Nothing in the contents should be construed as asserting or implying U.S. Government authentication of information or endorsement of the author's views. This material has been reviewed by the CIA to prevent the disclosure of classified information.

If you disagree with the Board's determination, you may ask the Board in writing and within 30 days of the initial determination, to reconsider. Include any and all information or explanation of the facts that you believe the Board should know. You may include citations or copies of similar references that show this information to have been previously released and already in the public domain, although a mere listing of published citations may not necessarily be sufficient to change the Board's decision. If the Board upholds its initial decision, you may then formally appeal the Board's reconsideration decision. Such appeals go to the Agency's Executive Director for a final Agency decision. If you wish to appeal, you must do so within 30 days of the Board's reconsideration decision. The appeal must be in writing and must be sent to the Board's Chairman. Appeal documentation must include the material intended for publication and any supporting material you would like the Executive Director to consider. Please note that in all cases, the decision of the ExDir/CIA is final. If an appeal is NOT brought to the attention of ExDir/CIA within applicable time limits, the original decision of the PRB will be adopted.

The Board is always pleased to purchase a copy of books published by Agency employees. Please let us know when *Worthy Fights* is commercially available so we can add a copy to the Board's research library.

The Board appreciates your cooperation with prepublication review. Please do not hesitate to contact the Publications Review Board at if you have any questions or if we can be of further assistance.
